Zmodo Smart Robot | Meet your new personal assistant

360°x 360° Full Coverage
The Smart Robot has two fisheye cameras and can rotate 360°, giving it full coverage of all surroundings.

Your Personal Robotic Assistant
Ask your Smart Robot questions like "What's the weather like today?" or "Can you order a pizza for me?" and it will reply with updates and help place your orders.

Pairing Devices
The Smart Robot pairs with other Zmodo smart devices and can alert you when they're triggered, so that you don't have to check your phone for notifications.

Obstacle Avoidance and Auto Charging
The Smart Robot can detect and avoid obstacles while moving, and when its battery is low, it will automatically dock at its charging station to recharge.
Control from Anywhere
Use the Zmodo app to control your Robot even when you're not at home.

360° Spherical Camera with Night Vision
Take snapshots and record video with the Robot's 360° cameras.

Zmodo Hub and WiFi Extender
Connect other Zmodo accessories and ensure that you always have strong WiFi signal.

Xunfei Audio Recognition
Recognizes your speech and commands for intelligent interaction.

Automatic Recharging
It will automatically dock itself in its charging station when the battery is low.

Voice Control Hub | Command your smart home devices with your voice

Voice Activation
Far-field accurate speech recognition allows you to activate your Voice Control Hub with the wake word no matter where you are in the room.

Zmodo Hub
The Voice Control Hub connects and controls Zmodo accessories and devices for ultimate convenience.

Play Music
Play music from your Voice Control Hub using its built-in speakers or compatible smart speakers on your network.

Voice Commands
Control your smart home devices with pre-programmed commands for an easy and instant response.

Wake Word Activation
The Voice Control Hub waits for a keyword to wake up and enable voice recognition.

Voice Control and Response
Advanced voice recognition allows you to implement commands and control your Zmodo devices with the Voice Control Hub.

Zmodo Hub
Connects Zmodo accessories and sensors, allowing you to receive alerts in the app.

Programmed Buttons
On/off, volume control, and mute buttons give you more ways to control your hub.

Easy Setup and Integration
Setup is simple with the Zmodo app. Integration with the Zmodo devices on your account are pre-programmed, so you can control your home as soon as it's connected.
